DIVERSITY

As a major land-grant university, Texas A&M has both an extraordinary opportunity and a special responsibility to create and maintain a campus climate that affirms diversity of thought, background, ethnicity, and perspective. Applying the Texas A&M core value of mutual respect is the key ingredient to developing and sustaining a university community in which diversity is valued. As we work together to harness the power of diversity, we provide students, faculty, and staff with a university experience that is rich in perspectives with opportunities to learn from each other and succeed in a diverse world.
