

COLLEGE OF ARCHITECTURE TEXAS A&M UNIVERSITY
MINOR IN ART AND ARCHITECTURAL HISTORY

The Minor in Art and Architectural History provides undergraduate students with an interdisciplinary, global, and multicultural approach to understanding visual arts and the built environment. The curriculum emphasizes an awareness of diverse global cultures and historical traditions, an appreciation of context, visual understanding, and critical thinking. The Minor in Art and Architectural History can serve as a complement to several major fields of study and is open to all Texas A&M undergraduates. The structure of the minor encourages students to gain a broad chronological understanding of art and architectural history before advancing to specialized areas of interest. Coursework includes six credit hours at the introductory level (100 and 200 level courses) and nine credit hours in specialized subjects at an advanced level (300 and 400 level courses) for a total of 15 credit hours.
